To

The District Education Officer

Education Department, UT

Chandigarh

Date: 28th April 2026

Memo No. GMHS/KJ/2026/22

Subject: Request for guidance regarding water meter and water bill for obtaining water testing certificate for CBSE Affiliation

This is to inform you our school is in the process of applying for CBSE Affiliation and one of the mandatory requirements is submission of a Water Testing Certificate.

For this purpose, we applied to the S.D.E.M.P.C.H, Water Works, Sector-39, Chandigarh for water testing of our school premises. However, the concerned office has asked us to submit a copy of the water bill of the school along with the application.

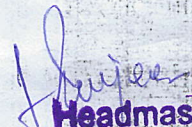

I would like to bring to your kind notice that there is **no water meter installed in our school**. Since the opening of the school in April 1992, water is being supplied to the school through a direct water tube well installed within the school premises. Therefore, no water bill is generated or received by the school.

Due to this, the Water Works Department is unable to process our request for water testing.

Kindly guide us.

Your guidance will help us complete the CBSE Affiliation process within the stipulated time.
